The Department of Defense has established 11 schools within the Kaiserslautern Military Community to meet the educational needs of children from Kindergarten through 12th Grade.

The school your child attends is determined using the same method as in the United States; by physical home address, not the parent's workplace address.

Parents may request an exception to the feeder zone policy. This request can be made at the school that they are zoned for. Requests require signatures from both the losing and gaining school principals. The final decision is made by the Community Superintendent.

It is important for parents to understand if an exception to feeder zone policy is approved, school bus transportation <u>will not</u> be provided outside of designated school feeder zones.
