05 NOV '22		Paper & pencil		
03 DEC'22		Paper & pencil		DIGITAL
11 MAR '23		Paper & pencil		DIGITAL
06 MAY '23		Paper & pencil		DIGITAL
03 JUN '23		Paper & pencil		DIGITAL

***NOTE: USA will revert to digital test format spring 2024.**

College Board explains impact of change to digital format:

CHANGE TO DIGITAL: WHAT IS STAYING THE SAME?

- Still measuring the knowledge and skills that matter most for universities.
- Still scored on 1600 scale.
- Still administering in schools or test centers with a proctor present (not at home).
- Test centers will continue to be open to all students, not just those enrolled in that school.
- Still offering access to free “world-class” practice resources.
- Still supporting all students, including those who need accommodations on test day.

CHANGE TO DIGITAL: WHAT IS CHANGING?

- Students will take the SAT on a laptop or tablet.
- The test will be shorter, about 2 hours instead of 3.
- Students will have shorter reading passages instead of a few long texts.
- Scores will be received faster. (In days, not weeks)
- Students will be permitted to use a calculator for the entire math section. (There is even a calculator build right into the digital testing application.)
